CAPABILITY STATEMENT OF PASSION AND CONCERN FOR WOMEN WELFARE AND INITIATIVE (PACOWWEI)

Passion and concern for women welfare and initiative (PACOWWEI) is a KAP- Women led Community based organization that provides psycho-social care and support to FSWs and other vulnerable women and girls who have high risk of contracting HIV infection; empowering them with adequate knowledge on reproductive and sexual health and rights issues while advocating for new prevention to curb the spread of HIV/ AIDS in the society. PACOWWEI takes into cognizance, the social, economic, religious and political challenges affiliated with sex work, gender and health in general. FSW are the major targets populations we are currently working but with greater prospect to reach out to other MARPs population.

PACOWWEI has its head office in Abuja and 6 branches in Kaduna, Kano, Niger, Bayelsa, Taraba, and Ondo State. our partners include Society For Family Health (SFH), FHI360, Heartland Alliance, State Action Committee on AIDS (SACA), NACA, Global Health Promise, ACOMIN, Youth Rise etc. Who renders financial and technical support. Also, we belong to many international/ national NGO and networks focused on human rights and sexuality issues as CiSHAN, ASWA, NSWA etc..

With HIV/AIDS remaining a leading development challenge among different populations in Nigeria, PACOWWEI have also resolved to fight the epidemic in partnership with coordinating entities and partners to reduce the prevalence and incidence hence the development of a strategic plan document. This plan is to provide HIV prevention implementation direction to our organization in the next three years.

I hereby enjoin partners and stakeholders to buy into this plan by supporting our program implementation
